

Your on-site travel service in the Netherlands

AmsterdamYourWay™ is an exclusive and personal destination travel service. Our aim is to let you experience our city in a way and to an extent that matches your personal interests and wishes. We take "Your Way" literally.

AmsterdamYourWay™ serves private travelers as well as business travelers

and small delegations. We'll prepare your entire stay from the arrivals to the departures lounge, or we'll organize your extra-curricular activities surrounding your official engagements.

Our only limit is the law

Anyone can book a standard canal boat trip or guided tour for you. But if you are specifically interested in water management, history, architecture, harbors or any other subject with relevance to the Amsterdam canals, we'll provide an expert to take you on a private tour.

We even offer a guided tour in a professional row boat with or without an instructor. In fact, the only limit to our services is Dutch law.

Boutique Hotels and B&Bs

We have personally selected a network of top quality boutique hotels and bed & breakfasts where hospitality and service are not just professional, but highly personal. And of course they provide all necessary technical facilities such as wifi internet in each room.

Most B&Bs and small hotels do not provide 24 hour room service. If that is what you need, please let us know.

We offer accommodation in the range of €250 to €7000 per night.

Guides and tours

AmsterdamYourWay™ works with official city guides and a network of individual experts to take you on specific guided tours, depending on themes of your choice. Tours are available on foot, by bicycle or boat. We can also set up partner programs for accompanying spouses, such as escorted shopping tours, organized or private excursions and one-day courses in digital photography, cooking and other subjects.

Getting around

For your excursions and out-of-town activities we offer the services of experienced private chauffeurs and car rentals. They can be called on for individual trips or can be held on stand-by for your entire stay.

Personal services

AmsterdamYourWay™ will mediate for any further personal services or assistance you may require.

your hosts
